“Educational-cum-Exposure” Visit
of Students of DLIS, MCU, Bhopal

बीएलआईएस और एमएलआईएस छात्रों की शैक्षिक यात्रा पर रिपोर्ट

The students enrolled in the Bachelor of Library and Information Science (BLIS) and Master of Library and Information Science (MLIS) programmes at Makhanlal Chaturvedi National University of Journalism and Communication, Bhopal, as a part of their educational-cum-exposure tour visited the Central Library, MANIT Bhopal on 15th October 2026.

The visit aimed at providing students the practical knowledge of modern library management practices - operations, automation, digital services, resource management, and reader services. During the visit, students explored various sections of the Central Library, including the Circulation Section, Acquisition Section, and other library sections, and learned about their respective functions and working procedures. They gained an understanding of the processes involved in acquiring books, organizing library resources, issuing and returning books, and providing information services to users.

The students were also introduced to the digital and technology-based initiatives of the Central Library, including the Library Information Kiosk, Digital Notice Board, KIBO, Koha Library Management System, and library guides. These initiatives help users access library information, explore available resources, navigate library services, and understand the role of technology in modern library management.

The visit enabled students to connect their theoretical knowledge with the practical functioning of an academic library. By observing the working of different sections and learning about the library's facilities and services, students gained insights into the professional responsibilities of library staff and the importance of effective coordination among various sections.

The students enthusiastically interacted with Dr Venkata Rao, Librarian & Head Central Library during 'Open Hour' session.

Dr. Venkata Rao Pokuri
Librarian & Head, Central Library
MANIT Bhopal
Date: 16 October 2026

Glimpses of the “Open Hour” Session
